## 2021 License Renewal Information

Things to keep in mind when preparing to renew your auction license:

- If you have not renewed your license from 2020, you must first renew that license before you can renew for 2021.
- If you were required to complete the auction core course for 2020 (birth months October, November, December) and failed to do so you must complete the auction core course and the 2021 education requirement before you renew.
- The deadline to complete all education is May 31. Core birth months for 2021 are January, February and March. Please start planning now, do not wait until the last minute to complete your required education.
- Education must be completed and reported to the board office before attempting to renew.
- The online renewal application will be available on April 5 through the [eservices](#) link.
- The paper renewal application is available on the website under the [forms](#) tab if you do not have access to electronic processing.
- The deadline to renew your auction license is June 30.
- Late fees will accrue starting July 1.
